COMMITTEE MANDATE

Mr. Speaker Sir,

The Committee on Health derives its mandates from the provisions of Standing Order No.196 (5), (a) (d) and (e) which defines among others functions of the Committee, as to; investigate, inquire into, and report on all matters relating to the mandate, management, activities, administration, operations and estimates of the assigned Departments. Section 14(1) of the County Governments Act,2012 states that; A County Assembly-

- a) may make standing orders consistent with the constitution and this Act regulating the procedure of the County Assembly including, in particular, orders for the proper conduct of proceedings; and
- b) subject to standing orders made under paragraph (1), may establish committees in such manner and for such general or special purposes as it considers fit, and regulate the procedure of any committee so established.

One of the most important features of our Constitutional framework is the requirement of County Assemblies having the mandate to exercise oversight over their respective County Executives and their organs/departments. Article 185(3) of the Constitution of Kenya,2010 on legislative authority of County Assemblies state inter- alia that, `A County Assembly, while respecting the principle of the separation of powers, may exercise oversight over the County Executive Committee and any other County Executive organs”. Further, Article195 empowers a County Assembly or any of its committees to summon any person to appear before it for the purposes of giving evidence or providing information. An Assembly has the same powers as the High Court to-

- a) enforce the attendance of witnesses and examining them on oath, affirmation or otherwise; and
- b) compel the production of documents; and
- c) issue a commission or request to examine witnesses abroad.

BACKGROUND & GUIDING PRINCIPLES AND LEGAL FRAMEWORK

Mr. Speaker Sir,

Vide a letter dated 29th March, 2020 signed by the Hon. In this regard, the following prayer/ relief was sought; THAT, the Office of the Hon. Speaker be pleased to recall the Sectoral Committee on Health from the indefinite adjournment which took effect from the 17th March, 2020 necessitated by the need to mitigate against the spread of Covid-19 also known as Corona- Virus Pandemic.

The grounds upon which the said relief was being sought was that, following a public outcry with information all over social and in the mainstream media regarding the unprocedural transfer of funds which were later expended on activities touching on Covid-19 mitigation and other financial malpractices involving (5 Departments within the establishment of the County Government of Bungoma) namely, Bungoma County Referral Hospital, the County Department of Finance and Economic Planning, the County Department of Public Administration Management and Public Service, the County Department of Health and Sanitation and the Office of the Governor in-charge of Special Programms, a matter deemed to be of urgent County importance

under the meaning of Standing order No.30, where leave was then sought to have the Committee recalled from recess for the purposes of interrogating the said matter.

That the said letter was duly received by the Office of the Hon. Speaker on the 30th March, 2020. The said request was granted and the Committee on Health was recalled to investigate the matter and report its findings to the House. The Committee began its sittings on the 30th March, 2020 in the plenary of the County Assembly to plan its activities and it did narrow down to the following public officers, among others who were then lined up for summoning and/or invitation pursuant to the provisions of **Article 195 of the Constitution of Kenya, 2010** as read together with Part (v), **Section 18 of the County Assemblies Powers and Privileges Act, 2017;**

Mr. Speaker Sir,

Section 112 of the of the Public Finance Management Act spells out circumstances under which the County Executive Committee Member for Finance may make payments from the County Government’s Emergency Fund that are not budgeted for which if delayed, may harm general public interest or threaten to cause

damage to human life or welfare or threatens damage to the environment. **Regulation 83 of the Public Finance Management (County Government) Regulations,2015** obligates the County Treasuries to be responsible for establishing sound cash management systems, procedures and processes with emphasis in the direction of ensuring efficient and effective banking and cash management practices and also by using short term borrowing only when it is necessary.

Article 207 of the Constitution of Kenya,2010 provides as follows;

Further and without prejudice to the foregoing, the provisions of **Section 109 of the Public Finance Management Act,2012** on the establishment of a County Revenue fund for each County Government are basically meant to operationalize and/or breathe life into the provisions of **Article 207of the Constitution of Kenya,2010**cited herein above.

of budget shall not approve any withdrawal from a public fund unless satisfied that the withdrawal is authorized by law.

Mr. Speaker Sir,

Article 227 of the Constitution, 2010 on procurement of public goods and services provides that;

When a state organ or any other public entity contracts for goods or services, it shall do so in accordance with a system that is fair, equitable, transparent, competitive and cost- effective.

In addition to the above, it is the primary responsibility of all Accounting Officers designated to County Public Entities pursuant to the provisions of **Part-V of Section 44 of the Public Procurement and Asset Disposal Act, 2015** to ensure that all procurement processes are handled by different professional offices in respect of procurements, including initiation, processing and receipt of goods, works and services and that, for avoidance of doubt, **Section 45(5) of the said Act** states that, all Public Officers or State Officers involved in procurement or asset disposal processes shall bear responsibility for their actions and omissions..

Mr. Speaker Sir;

Sections 46,53,92,103& 104 of the Public Procurement and Asset Disposal Act,2015 competently gives guidance on matters procurement including and not limited to circumstances under which direct procurement may be used and procedure for direct procurement.

Mr. Speaker Sir,

Regulation 93(1) of the Public Finance Management (County Government) Regulations, 2015 requires that an imprest shall be issued for a specific purpose, and any payments made from it, shall be only for the purpose specified in the imprest warrant.

Article 2 as read together with Article 3(1) of the Constitution of Kenya, 2010, binds all Persons and State Organs to respect, uphold and defend the Constitution.

The guiding principles of leadership and integrity under **Article 73 of the Constitution of Kenya, 2010** include honesty in the execution of public duties and accountability to the public for decisions and actions. Further the National Values and Principles of Governance as set out in the Constitution of Kenya, include; observance of the rule of law, good governance and integrity.

Mr. Speaker Sir;

Under matters public finance, it is common practice that every requisition and expenditure of public funds must at all times be based on an itemized budget and in strict adherence with the entity's procurement plan as envisaged under **Section 53 of the Public Procurement and Asset Disposal Act, 2015**. To this end, **Chapter Twelve of the Constitution of Kenya, 2010** more particularly **Article 201** on the principles of Public Finance, provides that; there shall be openness and accountability including public participation in all aspects of public finance matters and that public

money shall be used in a prudent and responsible way; and financial management shall be responsible, and fiscal reporting shall be clear.

APPEARANCE AND SUBMISSIONS OF THE WITNESSES

ORAL SUBMISSION BY THE BUNGOMA COUNTY REFERRAL HOSPITAL ACCOUNTANT - (MARTIN WAKABOLA WESONGA)

He appeared before the Committee on 6th May, 2020 at 10.15 a.m and stated that he holds a Diploma in Accounts and further a holder of CPA(K). He was employed by the County Government in 2015 as an Accountant in Treasury IFMIS Office Headquarter and was then transferred to Naitiri Sub-County Hospital as an Accountant. Later on, transferred to Bungoma County Referral Hospital because of the experience he had gained.

The decision and approval to issue the cheques to the 9 persons an amount of Kshs. 776,223 each. The said 9 persons were; Kizito Nyongesa, Geoffrey Wafula, Noel Kusienya, Stella Puka, Kevin Namulala Simiyu, Carolyne Buyela, Simon Simiyu, Pamela Serut and Martin Nyongesa Wafula, was given by the Bungoma County Referral Hospital Medical Superintendent. Therefore, his work was to execute the direction as given to him and process the payments to the 9 people.

On whether he confirmed the status of the persons sent to his office to be issued cheques whether employed by the County Government. The Accountant said that, he did not ascertain the status whether employed or not and thus worked under the direction as given to him.

On 24th March, 2020, another requisition was received of lending another Kshs.5 Million. In the same breath he was instructed to transfer Kshs.5 million to County

Emergency Fund Account which was done electronically and on 15th April, 2020 the Department of Finance and Economic Planning refunded Kshs. 5 Million.

The accountant informed the Committee that so far, he was able to note that on 21st April, 2020, there was a deposit of Kshs.278,823.00 by Noel Kusienya to the Hospital Account.

ORAL SUBMISSION BY THE BUNGOMA COUNTY REFERRAL HOSPITAL MEDICAL SUPERINTENDENT – (DR. DAVID WANIKINA)

Dr. David Wanikina appeared before the Committee on 6th May, 2020 at 11.56 a.m and stated that, currently he is the Bungoma County Referral Hospital Medical Superintendent and his role is to oversee the running of the Referral Hospital, Chairs the Hospital Management Committee and further as a Secretary to the Board of Management of the Hospital. Besides he is also a mandatory signatory to Hospital Bank Accounts.

On the issuance of the borrowed funds to the Department of Finance and Economic Planning, the Medical Superintendent stated that, upon receipt of the letter from the Chief Officer Health and Sanitation requesting the Hospital to lend Kshs. 6.986 Million he authorized the Hospital Accountant to facilitate the payment.

When asked if there was necessity of the Hospital Board resolution towards the same and to sanction the borrowing, he replied that since it was an emergency and thus there was no need of the Hospital Board to sit and sanction the borrowing but be informed later for their ratification.

Whether monies were remitted electronically to the Department of Finance and Economic Planning as per the request, he stated that, the Ag. Chief Officer Finance and Economic Planning had issued verbal instructions that the monies be given to the

9 persons as imprest holders through cheque system whom he will sent from his Office.

On how the Hospital will be able to get back the borrowed money, the Medical Superintendent informed the Committee that since the persons had taken imprest (Cheque system) from the Hospital it is easier to hold the imprest holders accountable and for easy follow-up than electronically transfer monies to a government entity with bureaucracy of getting the money back which takes time. Further since the request to borrow funds had been made by the Department of Finance and Economic Planning; it was upon the Department to advice who to take the imprest.

The Medical Superintendent informed the Committee that apart from the borrowed funds of Kshs. 6.986 Million on 18th March, 2020, another request was made on 24th March, 2020, from the Department of Finance and Economic Planning to borrow a further Kshs.5 Million which was electronically remitted to the Department of Finance and Economic Planning and has since been refunded back electronically to the Hospital accounts. However, the documents were not availed before the committee for verification.

Whether the borrowed funds of Kshs. 6.986 Million have been refunded, the Medical Superintendent stated that so far only Kshs. 278,823 have been refunded through bank by one of the imprest holders (Noel Kusienya). On the remaining balance, his office has written to the Chief Officer Health and Sanitation towards the recovery of the same monies.

On why the Hospital was able to lend money to a tune of Kshs. 11.986 Million, did it mean the Hospital had excess and unused money, he stated that the Hospital didn't

have enough funds but due to the emergency the Hospital had to step in and assist, since the Bungoma County Referral Hospital was not in charge of Covid – 19.

ORAL SUBMISSION BY THE BUNGOMA COUNTY REFERRAL HOSPITAL BOARD CHAIRPERSON - (REV. CANNON WALTER WAMALWA)

Rev. Cannon Walter Wamalwa appeared before the Committee on 6th May, 2020 at 11.39 a.m and stated that, he was aware of Kshs.6.986Million that was borrowed from the Hospital.

He was informed of Kshs.6.986 Million after it had already been borrowed. He emphasized that according to the procedure the Hospital Board should have deliberated on the matter of lending or borrowing of hospital funds and resolve to lend or not.

Accordingly, it were better for the Hospital Superintendent to inform the Board before the lending, but since the lending had been executed minus the knowledge of the Hospital Board, later on after the lending had been done, the Hospital Board sat and made a decision that any lending or borrowing from the Hospital Funds the Board should always be consulted first.

The Hospital Board works on the peripheral end and can't control the usage of funds by the Hospital since none of its members is a signatory of the Hospital Accounts. The signatories are the Hospital Accountant, Hospital Superintendent, Hospital Administrator and Chief Officer Health& Sanitation and any three of the four signatories the funds are withdrawn. In this case the Hospital Board plays little role in regard to finances.

ORAL SUBMISSION BY THE CHIEF OFFICER HEALTH – (MR. PATRICK WANDILI)

He appeared before the Committee on 6th May, 2020 at 12.26p.m being the Accounting Officer of the Ministry of Health and Sanitation.

The Chief Officer alluded that as per the outbreak of the Corona Virus, the Department of Health and Sanitation was to be the frontline to combat the spread of the virus in the county other than other Departments which would have given it supportive mechanisms.

The Chief Officer acknowledged that indeed he wrote a letter to the Medical Superintendent Bungoma County Referral Hospital to release funds of Kshs. 6.986 Million to the Department of Finance and Economic Planning for purposes of carrying out sensitization on Corona Virus (Covid – 19) at Mabanga ATC on 19th March, 2020 to salvage the situation. He granted the borrowing since as the Department there was no any funds to facilitate the function as per the request and thus extended the authorization of the funds to the Medical Superintendent Bungoma County Referral Hospital. The request was premised on the unavailability of emergency kitty funds that had not been sanctioned by the controller of Budget and immediately it is released it will be refunded as per the letter from the Chief Officer Finance and Economic Planning.

On the inquiry of his responsibility in terms of expenditure of the said borrowed funds, he responded that his sole role was purely to lend to the Department of Finance and economic Planning which ought to explain the actual spending of the borrowed funds since the Department of Finance and Economic Planning never went back to Chief Officer Health & Sanitation to confirm whether they had received fund or not.

He learned of the cheques being written to imprest holders although it was risking the Finance Department must answer since they were responsible for marshaling the people to collect the funds through cheque system.

When asked which Department was to play the pivotal role to carry out the Corona Virus sensitization and training. He responded that indeed the Department of Health and Sanitation was responsible but since the plan had been organized from another department in the County Government, he could do nothing but only to support the initiative put in place.

Whether the funds had been refunded as per the request, the Chief Officer informed the Committee that the funds had not been refunded but he was keen to have the funds refunded to the Hospital.

When asked whether his office was aware of the extra Kshs.5 Million borrowed again for the same purposes. He stated that he was aware and had the letter to that effect and the same fully refunded.

On the plans the Department of Health and Sanitation have to recover the funds yet it was paid to 9 different imprest holders from other departments who were not under his control. He explained that Department of Finance and Economic Planning should refund the monies since it was their jurisdiction that had the expenditure of the funds. He only learnt that the nine persons were requested by the Department of Finance and Economic Planning and one of the officers in his Department (Simon Simiyu) was requested in order to have enough imprest holders to get the money through the accounts.

On the medical officers trained to fight Corona Virus (Covid -19) epidemic, the Chief Officer responded that the Department of Health and Sanitation have trained slightly

above 300 and the same money had been funded by the Department of Finance and Economic Planning.

On the knowledge of the 120 litre Jericans labeled County Government were procured, he responded that the procurement of the Jericans and its distribution is a matter he can't respond to since it was done elsewhere and thus not competent to answer.

On whether there was need for the Hospital Board sanctioning the borrowing of the funds, the chief officer informed the committee that indeed if the Medical Superintendent could have requested him he could have called for an urgent Hospital Board meeting but since it was beyond his control he accepted that he might have broken the procedure which required the Hospital Board to sanction through a board minute.

ORAL SUBMISSION BY THE ADVISOR ON SPECIAL PROGRAMME OFFICER – (CAROLYNE BUYELA)

Ms Carolyn Buyela appeared before the Committee on 6th May, 2020 at 3pm and stated that, she is the advisor of the special programme in the County and thus Coordinate emergency issues and disaster of all the Departments in the County.

She further informed the Committee that she serves as the Secretary of the Bungoma County Disaster & Emergency Committee on an appointment by H.E the Governor.

On the knowledge about the borrowed funds from the Bungoma County Referral Hospital, she responded that she has the full knowledge since she was the author of the concept paper and budget preparation that required Kshs.6,986 Million, which was addressed to the County Executive Committee Member for Public Service Management and Administration, on behalf of the Committee which was approved and then taken to CECM Finance and Economic Planning for funding

She highlighted that she is an imprest holder of Kshs.776,223.00 and she is surrendering the imprest to the Accounting Officer, Finance and Economic Planning being the Accounting Officer.

On whether the Committee received Kshs.6,986 Million she had requested she stated that that, the 9 different imprest holders took money to facilitate and run activities, since funds were deposited at imprest holders accounts and she is only responsible of Kshs.776,223.00. Further the execution and usage of the funds was to be done by the Department of Health and Sanitation Technical Team.

On whether the procurement process was followed, in the purchase of the sanitizers, 120 litre jericans and hand washing soap, she stated that the Accounting Officer is responsible in matters procurement who should ensure compliance. Despite the procurement of goods and services the 120 litre Jericans that were distributed were donated by the Governors friends and were not procured. The same donations were all handled by the County Secretary.

Caro Buyela said she had surrendered part of the money but she didn't submit any document showing the surrender.

ORAL SUBMISSION BY THE AG. CHIEF OFFICER FINANCE AND ECONOMIC PLANNING - (JONATHAN NAMULALA)

The Ag. Chief Officer appeared before the committee on 6th May, 2020 at 2pm and stated as follows; that, he was aware of the borrowing since he wrote a letter to the chief officer health and sanitation to urgently get funds to contact a public sensitization at Mabanga ATC.

When asked to clarify whether funds reached the department of finance and economic planning, he responded that yes but through issuance of imprest to the appointed imprest holders by the Bungoma County Referral Medical superintendent.

When asked why the issuance of the imprest was a necessity, he clarified that it was urgent and thus that was the easiest way. On whether he assigned public officers in his department to be imprest holders, he responded that he didn't assign anyone to be an imprest holder.

When asked why didn't the department of finance and economic planning complain of not receiving the money. The Ag. Chief Officer stated that since the funds didn't reach the Department there was no need and noted that he will not be liable to refund the monies.

ORAL SUBMISSION BY THE CECM FINANCE AND ECONOMIC PLANNING - (M/S ESTHER WAMALWA)

She appeared before the Committee on 6th May, 2020 at 16.25 p.m and stated that at the time of the pandemic outbreak her Office had made a requisition to the Controller of budget for the release of the emergency funds of Kshs. 50 Million but it delayed for a long period and then through a Cabinet resolution Kshs.6.986 Million was borrowed from Department of Health and Sanitation following a concept note prepared with the budget proposal of Kshs.6.986 Million by the advisor on Special Programme dated 16th March, 2020.

On whether the Funds requested had been received by the time she was appearing before the committee, she answered that the emergency fund of Kshs. 50 Million which had delayed nearly a month was received on 14th April, 2020. The said Emergency funds were geared towards of the training of medics, purchase of

equipment's, preparations of the isolations and quarantine centers. As per the National Government Circulars, the County government had to set aside Kshs. 30 Million for purposes of start up for Covid – 19 mitigation measures.

Whether the Finance Department received the funds as requested, the county executive committee member stated that as far as the department is concerned, they haven't received any money and thus not responsible to refund any borrowing that the funds never deposited in their accounts.

ORAL SUBMISSION BY CECM – HEALTH (DR. ANTHONY WALELA)

He appeared before the committee on 6th May,2020 and stated that, through a Cabinet resolution, he was aware that it was resolved that ksh.6.9 Million be borrowed from Bungoma County Referral Hospital which would be refunded once the controller of budget approves the Emergency fund request. He further submitted that following the said cabinet resolution, a formal request was then made by the chief officer finance which request was forwarded to the medical superintendent by his health counterpart vide letters dated 18th Maech,2020 reference Nos. CG/BGM/FIN/C.ASS/VOL-IV and CG/BGM/MOH/BOR/VOL.1/192 respectively. When asked whether the Department has a Technical Team that made the request to the Disaster Emergence committee, the CEC-Member informed the committee that two committees were constituted as follows;

- (i) The Technical committee comprising mainly medical practitioners; and
- (ii) The Bungoma County Covid-19 Response as directed by the National Government comprising of the following members;

-The County Governor and the County Commissioner as co-chairs,

-M/s Carolyn Buyela (secretary to the committee)

-Staff from the county department of Public works

-Department of Health; and

-The police.

When asked about which guarantee his department has on getting the borrowed money back, the CEC-Member emphasized that since he was aware of the activities undertaken and that to him, that was sufficient guarantee.

ORAL SUBMISSION BY PUBLIC ADMINISTRATION MANAGEMENT AND PUBLIC SERVICE (MR. RICHARD SABWAMI KEYA)

He informed the committee that he was aware of the Kshs.6.986 Million which was borrowed from the Hospital.

He further stated that immediately covid-19 struck, the department had to use money from the Emergency Fund on mitigation measures to contain the spread of the pandemic. He also stated that the expenditure of the borrowed funds are well documented and are in custody of the imprest holders.

ORAL SUBMISSION BY MEMBER OF THE SERVICE DELIVERY UNIT – (M/S PAMELA SERUT)

Madam Pamela Serut appeared before the committee on the 7th May,2020 and she stated that, she works in the Office of H.E the Governor under the Service Delivery Unit (SDU) having been appointed to serve as such on-contract terms. She further submitted that she falls under job group “R”.

She also stated that on the 18th March,2020 she was requested by CEC-Member, Public Administration and Public Service Management Mr. Richard Sabwami to sign for imprest from Bungoma County Referral Hospital and cheques were then issued

COMMITTEE GENERAL OBSERVATIONS

1. **THAT**, the initial idea and development of the concept paper for the awareness of the Corona Virus – Covid -19 originated from the Office of the Advisor on Special Programmes (M/s Caro Buyela)
2. The initial budget as proposed by the Office of the Advisor on Special Programmes (M/s Caro Buyela) of Kshs. 6,986,000 Million was approved by

the County Executive Committee Member for Public Administration Management and Public Service and there was no highlight of the facilitation of the County Assembly Members towards sensitization or training on Corona Virus – Covid -19.

3. It was confirmed that indeed a sum of Kshs. 6,986,000 Million was borrowed from the Bungoma County Referral Hospital account through imprest system which was not properly authorized by the (AIE) holder as per **Regulations 92 of the Public Finance Management (County Governments Regulations), 2015.**
4. From the borrowed funds only Kshs. 1,055,046 has been remitted back to the Hospital Accounts.
5. Two of the Governors Advisors and one Governor's appointee on Service Delivery Unit (SDU) were involved on the financial matters as imprest holders namely;
 - i) M/s Carolyne Buyela - Advisor on Special Programmes, Office of the Governor
 - ii) Mr. Martin N.Wafula - Advisor on Economic and Procurement affairs, office of the Governor;
 - iii) M/s Pamela Serut - (SDU-office of the Governor);
6. The Accounting Officer Department of Health and Sanitation contravened **Section 154 (1) Public Finance Management Act, 2012 and Regulations 22(2)(c) & (d) of Public Finance Management (County Governments Regulations), 2015** by requesting the transfer of the funds appropriated for Health Department to another County Government Entity without any written assurance from the borrowing entity.

7. THAT, the Bungoma Referral Hospital Medical Superintendent as Secretary to the Hospital Board and AIE Holder did not seek for the approval of the Bungoma County Referral Hospital Management Board.
8. THAT, in imprest management as per the **Public Finance Management Act, 2012**, payments should only be for the intended purpose specified in the imprest warrant, hence the payment of MCAs allowances were not among the activities specified in the warrants and the proposed program-based budget submitted to the Committee, in contradiction with the documents presented by Martin Nyongesa, an imprest holder, who re-banked Kshs. 776,223 that was supposed to be used to facilitate Hon. Members an event that was cancelled. **(Annex 1)**. Further the MCAs facilitation on 18th April, 2020 towards corona virus sensitization was not part of the money borrowed from Bungoma County Referral Hospital as per the submissions before the Committee.
9. It was noted that, the emergency fund of Kshs. 50 Million which had delayed was received in the County on 14th April, 2020. The said Emergency funds were geared towards the training of medics, purchase of equipment's, preparations of the isolations and quarantine centers.
10. THAT, **Regulation 91 of the Public Finance Management (County Governments Regulations), 2015**, defines an imprest as form of cash advance or a float which the Accounting Officer may authorize to be issued to officers who in the course of duty are required to make payments. Most of the imprest holders took the imprest outside their course of duty so they can-not ascertain that the imprests were expended for the intended purpose.
11. As per the submissions made before the Committee by the Imprest Holders it was noted that, some of the imprest surrenders tabled before the committee was prepared in the Office of the County Executive Committee Member for

Public Administration Management and Public Service and the Imprest Holders were provided with the documents for compliance purposes.

12. THAT, the list of donors was not provided to the Committee for verification contrary to the **Regulation 71 & 74 of the Public Finance Management (County Governments Regulations), 2015** where upon approval by the County Executive Committee Member, an Accounting Officer receives donations made in favour of the County Government entity, declares, quantifies and make provisions in budget estimates and further proper books of accounts to be maintained in respect to donations.
13. THAT, some of the imprest holders were officers on contract i.e Kevin Namulala, the P.A to CEC Public Administration, raising questions on whether an officer on contract terms should be assigned such responsibilities.
14. The Committee observed that all the 9 imprest holders were verbally instructed by Ag. Chief Officer Finance and Economic Planning to go and sign for the imprests contrary to **Section 152 of the Public Finance Management, Act, 2012**.
15. THAT, by the time of signing the imprests warrants, some of the said officers did not know the intended purpose of the money they were signing for. It was only after surrender of the imprests that they knew how the money was used.
16. THAT, upon depositing the cheques on 18th March 2020, all the 9 imprest holders withdrew the money from KCB bank between 18th and 19th March, 2020 and handed over the funds withdrawn to the County Executive Committee Member for Public Administration Management and Public Service, which was expended a month later. Further the activities of the borrowed funds were coordinated from his office, where all the imprest surrenders were compiled and handed over to imprest holders as part of the imprest surrenders of the funds given to them.

17. There was clear evidence on the failure of the County Executive Committee Member for Health and Sanitation to supervise the administration and delivery of services, manage and coordinate the functions of the County Health and Sanitation Department contrary to **Article 183 (1) (c) of the Constitution of Kenya and Section 36 (1) (a) of the County Governments Act, 2012.**
18. As a result of the delayed exchequer release of emergency funds, it occasioned the borrowing of funds to mitigate against the spread of corona virus pandemic as an emergency, but the procedure and the manner in which the borrowed funds were expended was not proper.
19. It was observed from the Minutes submitted before the Committee that, the County Executive Committee Member for Public Administration Management and Public Service presided over the meetings as a Chairperson of the Emergency Response Frontline Team (ERFT) that discussed M/s Carolyne Buyela to facilitate the procurement of 368 tapped Jericans, 360 buckets, 20 litres of liquid Soap (50 No.) and four boxes of Bar Soap.
20. It was also noted further from the Minutes submitted before the Committee that upon the delivery of the 368 tapped Jericans, 360 buckets, 20 litres of liquid Soap (50 No.) and four boxes of Bar Soap at the Tallying Centre at Mabanga ATC, the County Executive Committee Member for Public Administration Management and Public Service (Mr. Richard Sabwami Keya) among others were in charge where the supplied items were inspected and labeled.

COMMITTEE GENERAL RECOMMENDATIONS

1. **THAT**, the County Executive Committee Member for Finance and Economic Planning to ensure that all monies taken by M/s Carolyne Buyela an Advisor on Special Programmes, Office of the Governor, M/s Pamela Serut - (SDU-

office of the Governor) and Geoffrey Wafula totaling to Ksh. 2,328,669 is fully surrendered and compliance report be forwarded to the County Assembly within 7 days from the adoption of this report.

Further M/s Carolyne Buyela facilitated the procurement of the 368 tapped Jericans, 360 buckets, 20 litres of liquid Soap (50 No.) and four boxes of Bar Soap.

Public Finance Management, Act, 2012 on undermining financial management procedures; permitting an expenditure that is unlawful and not properly authorized and failure to do a written notice to the imprest holders pursuant to the provisions of **Section 152 of the Public Finance Management, Act, 2012.**

7. **THAT**, the Committee finds the County Executive Committee Member for Public Administration Management and Public Service culpable for financial misconduct for usurping the roles of the Accounting Officer by approving the

expenditure budget of Kshs. 6,986,000 for Covid -19 awareness, approving the rebanking of the monies that were not expended by one of the Imprest Holders thus contravened the **Public Finance Management Act, 2012, Section 196(5), 197 (1) (i); 198 (1) (a), (b)**; further exhibited abuse of office, gross misconduct and gross violation of the **Constitution, 2010**, hence be subjected to the consequences as laid down under **Section 40 (1) (b), (c) & (f) of the County Governments Act, 2012**

9. **THAT**, all Public Officers in the County Public Service should be aware of the provisions of **Sections 196(5)(6) & (7) of the Public Finance Management Act, 2012, which stipulates as follows;**

“(5) A public officer shall not direct another public officer to do an act that constitutes a contravention of, or a failure to comply with, this Act, the Constitution or any other written law.

10. **THAT**, the Committee finds the County Executive Committee Member for Health and Sanitation incompetent and thus be subjected to the consequences as laid down under **Section 40 (1) (a) of the County Governments Act, 2012**

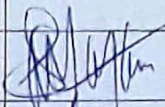

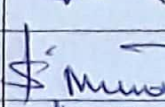

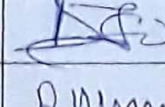

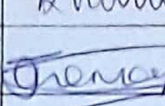

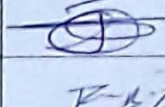

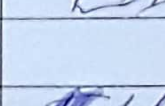

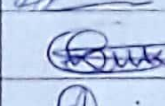

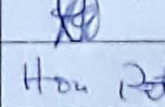

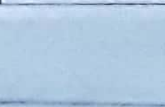

for contravening **Article 183 (1) (c) of the Constitution of Kenya and Section 36 (1) (a) of the County Governments Act, 2012**, for failure to supervise the administration and delivery of services and failure to manage and coordinate the functions of the County Health and Sanitation Department.
